

APRENDE EN LÍNEA Y DESARROLLA HABILIDADES EN LA NUBE

Cursos AWS (Spanish from Latin America)

- Introduction to Amazon Elastic Compute Cloud (EC2)
- Fundamentos de seguridad de AWS| AWS Security Fundamentals
- AWS Well-Architected
- Data Analytics Fundamentals
- AWS Application Services Overview
- Introduction to Amazon Simple Storage Service (S3)
- Authentication and Authorization with AWS Identity and Access Management
- Amazon ElastiCache Service Primer
- Introduction to AWS CodeStar
- Demystifying AI/ML/DL
- Introduction to Amazon SageMaker Ground Truth
- Introduction to Database Migration
- Introduction to Amazon Forecast
- AWS Foundations: Getting Started with the AWS Cloud Essentials
- Introduction to AWS DeepLens
- Network Ninja to Cloud Ninja
- Amazon Neptune Service Primer (
- Amazon RDS Service Primer
- Amazon DynamoDB for Serverless Architectures
- Introduction to AWS CodeBuild
- Amazon DocumentDB Service Primer
- AWS Cloud Practitioner Essentials
- Machine Learning for Business Challenges
- Introduction to AWS CodeCommit
- Introduction to Amazon Quicksight
- Cloud Audit Academy - Agnóstico de la nube
- Introduction to AWS Elastic Beanstalk
- Introduction to AWS CodePipeline
- Getting Started with Cloud Acquisition
- AWS Foundations: Machine Learning Basics
- Amazon Quantum Ledger Database (QLDB) Service Primer
- Introduction to AWS CloudFormation
- Getting Started with AWS Security, Identity, and Compliance
- Introduction to Amazon SageMaker
- Introduction to Amazon Transcribe

- AWS Database Offerings
- Introduction to Amazon SageMaker Neo
- Introduction to AWS Auto Scaling
- AWS Development Tools Services Overview
- Introduction to Amazon Direct Connect
- Exploring the Machine Learning Toolset
- AWS Billing and Cost Management
- Machine Learning for Leaders
- Introduction to AWS Fargate
- Introduction to AWS Backup
- AWS Shared Responsibility Model
- Introduction to Amazon Lex
- AWS Foundations: Securing Your AWS Cloud
- Getting into the Serverless Mindset
- Introduction to AWS Marketplace - Machine Learning Category
- Amazon Redshift Service Primer
- Introduction to Amazon Elastic Inference
- Introduction to Amazon Polly
- Introduction to Amazon Comprehend Medical
- Introduction to Amazon Rekognition
- Subnets, Gateways, and Route Tables Explained
- Introduction to Serverless Development
- AWS Lambda Foundations
- AWS Compute Services Overview
- Introduction to Amazon Comprehend
- Introduction to AWS X-Ray
- Introduction to Amazon Elastic Container Registry
- Protecting Your Instance with Security Groups
- Migrating from Oracle to Amazon RDS
- Introduction to Amazon Elastic Load Balancer
- Migrating from Redis to Amazon ElastiCache
- Migrating from Microsoft SQL Server to Amazon RDS
- Introduction to Amazon Elastic Container Service
- Introduction to AWS Inferentia and Amazon EC2 Inf1 Instances
- Amazon DynamoDB Service Introduction
- Detect Anomalies in Game Transactions with ML and Sagemaker
- Introduction to Amazon Kinesis Streams
- Introduction to Amazon EC2 Systems Manager
- Introduction to Amazon Kinesis Firehose
- Migrating from MySQL to Amazon RDS
- AWS Foundations: Cost Management
- Machine Learning in the Cloud with AWS Batch
- Differences Between Security Groups and NACLs
- Job Roles in the Cloud (Spanish from Latin America)
- Introduction to AWS Command Line Interface (CLI)
- Introduction to Amazon Athena
- Migrating from MongoDB to Amazon DocumentDB
- Introduction to AWS Snowball Edge
- Introduction to AWS Storage Gateway
- Migrating from Apache Cassandra to Amazon Keyspaces
- Introduction to Amazon Kinesis Analytics
- Amazon API Gateway for Serverless Applications
- Migrating from PostgreSQL to Amazon RDS
- Introduction to Amazon Elastic MapReduce (EMR)
- Introduction to Amazon CloudFront
- Introduction to Amazon FSx for Windows File Server
- Migrating to AWS: A high level introduction
- Building Highly Connected Applications using Amazon Neptune
- AWS Foundations: Strategies and Tools to Perform Large-Scale Migrations
- Preview Course: Introduction to Artificial Intelligence
- Introduction to Amazon Virtual Private Cloud (VPC)
- Preview Course: Introduction to Deep Learning
- Introduction to Amazon FSx for Lustre
- Visualizing with QuickSight
- Introduction to Decoupled Applications
- Amazon Redshift Service Introduction
- Amazon Simple Storage Service (Amazon S3) Block Public Access
- AWS Managed Services (AMS) Advanced: ServiceNow Connector Application
- Preview Course: Introduction to Machine Learning
- Introduction to AWS Application Discovery Service
- Basics of Amazon Detective
- AWS Technical Essentials
- Worker Safety Project with AWS DeepLens
- AWS Managed Services (AMS): Readiness
- AWS Snowcone Getting Started
- AWS Hadoop Fundamentals
- Getting Started with .NET on AWS
- AWS Elemental Link - Getting Started
- Amazon DynamoDB – Architecture and Features
- PostgreSQL Fundamentals: Explain

- Amazon Aurora Service Primer
- Getting Started with AWS Game Tech
- Introduction to AWS Identity and Access Management (IAM)
- Amazon Aurora MySQL - Migration
- Amazon Aurora MySQL - Basics
- CloudEndure Migration Training - Technical
- AWS SaaS Factory Architecture Track: SaaS Migration Strategies
- Getting Started with DevOps on AWS
- Media Glossary
- SaaS Business Fundamentals
- Machine Learning Essentials for Business and Technical Decision Makers
- PostgreSQL Fundamentals: SQL Command Line
- AWS Application Migration Service (AWS MGN) – A Technical Introduction
- AWS Cloud Essentials for Business Leaders
- Amazon Route 53 - Amazon Route 53 - Basics
- AWS Cloud Essentials for Business Leaders (Financial Services)
- Let's Build in Amazon Honeycode
- Accelerating Messaging Modernization with Amazon MQ
- Amazon Route 53 - Basics of Domain Name System (AWS Support)
- Twitch Series: AWS Power Hour Machine Learning
- Introduction to AWS Media Services by Use Case
- Amazon Route 53 - Domains
- PostgreSQL Fundamentals: Architecture
- Video Streaming Concepts: AWS Media Services
- Planning a Machine Learning Project
- Introduction to IoT Device Defender
- AWS Certified Cloud Practitioner Official Practice Question Set CLF-C01
- AWS Certified Developer - Associate Official Practice Question Set DVA-C01
- AWS Certified Solutions Architect - Associate Official Practice Question Set SAA-C02
- AWS Identity and Access Management - Architecture and Terminology
- PostgreSQL Fundamentals (Spanish from Latin America)
- AWS Certified Solutions Architect - Associate Official Practice Question Set SAA-C03
- Getting Started with AWS Config
- Getting Started with AWS CloudTrail
- Introduction to EC2 Auto Scaling
- AWS Identity and Access Management - Basics
- Building a Machine Learning Ready Organization
- AWS Certified Developer - Associate Official Practice Question Set (DVA-C02)
- Introduction to Machine Learning: Art of the Possible
- Exam Prep: AWS Certified Cloud Practitioner
